NOTRE DAME UNIVERSITY BANGLADESH

Project Report

Course Title: Database Management System

Course Code: CSE-2206

Project Name: Student Management System.

Batch: CSE-20

Submitted by:

Istiak Alam **ID: 0692230005101005**

Imtiaj Uddin **ID: 0692230005101009**

Evangelist Richard Gomes **ID: 0692230005101010**

Submitted to:

Fernaz Narin Nur
Associate Professor, NDUB

Project Name: Student Management System

NDUB Student Management System is a comprehensive web application designed specifically for students at Notre Dame University Bangladesh to manage their academic information efficiently. It provides a user-friendly interface for students to access their results and percentages, while administrators can easily handle student data, course management, and result updates.

Editor:

1. Visual Studio Code (64bit Version)
2. Adobe Dreamweaver

Scripts:

1. HTML
2. CSS
3. MySQL
4. PHP
5. JavaScript
6. Bootstrap

[Note: No external library is used in this project]

Packages:

1. Font Awesome
2. Bootstrap 4

My Features & Contribution:

❑ Student Portal :

- **Result and Percentage Lookup :** Students can easily search and view their results and overall percentages for each semester.
- View a clear and concise overview of their academic performance.

❑ Admin Dashboard :

- Administrators have access to a dedicated dashboard where they can manage all aspects of the system, including student information, course combinations, and result management.
- Secure login for authorized administrators.
- Add student information, including details relevant to each semester.
- Manage course combinations for different semesters.
- Add individual student results for each registered course.
- Edit and update student data to ensure accuracy.
- **Student Information Management :** Admins can add, update, and manage student information, ensuring accurate records are maintained for each student.
- **Course Management :** The system allows administrators to manage course combinations efficiently, making it easier to assign courses to students for each semester.
- **Individual Result Entry :** Admins can input individual results for every registered student, ensuring timely and accurate recording of academic performance.
- **Data Management :** Admins have full control over student data, allowing them to update information as needed, ensuring data accuracy and integrity.

Advantages of This Project:

- **Improved Accessibility :** Students can access their results anytime, anywhere, with an internet connection.
- **Enhanced Transparency :** Students gain a clearer understanding of their academic progress.
- **Increased Efficiency :** Administrators can manage student data and results in a centralized and efficient manner.
- **Reduced Errors :** Reduces the risk of errors associated with manual data management.
- **Timesaving :** Streamlines the process of result retrieval and data management for both students and administrators.
- **Improved Communication :** Fosters better communication between students and administrators regarding academic performance. This system provides a user-friendly and secure platform for Notre Dame University to effectively manage student results and information, ultimately contributing to a more efficient and transparent academic experience.

Notice - Notre Dame University Bangladesh

Subject: Online class from 22 to 25 April 2024

Attention: Teachers, Faculty & Students

Due to the Heat Wave, NDUB's all Undergraduate (Honors) classes will be held **online from 22 to 25 April 2024.** Teachers are requested to arrange online classes for these days as per routine and to maintain attendance regularly. Moreover, **the Graduate (Masters) classes will be held on 26 & 27 April 2024 routinely.** NDUB Offices will remain open during this time.

However, the **Offline classes for all the undergraduates will be held from 28 April 2024 regularly.**

Students, faculty & teachers are advised to follow the directives from the Ministry of Health during this health hazard.

Sincerely,

How Not to Study the Law - Notre Dame University Bangladesh
